About the company

Over the last few years, the cake/bakery industry has evolved drastically, because of innovation, increase in demand of new category products in this segment in Indian market. This industry is growing like never before.

At FG, we believe that celebration must be a way of life, and we put in our best efforts to take all your celebrations a notch higher with our delectable cakes. Our vision is to provide the highest quality cakes at best prices, to all our customers within the shortest span of time. So, after you order a cake, it can be delivered within a few hours, fresh from the oven.

Flavoursguru was established in December 2016, by a team of fired up food enthusiasts, with ample expertise in the retail, operations, customer service and technology. Our understanding of customers' needs and preferences, coupled with our passion for quality makes us the best choice for ordering cakes online. We have compiled our cake recipes from across the world, bringing international and design to your doorstep.

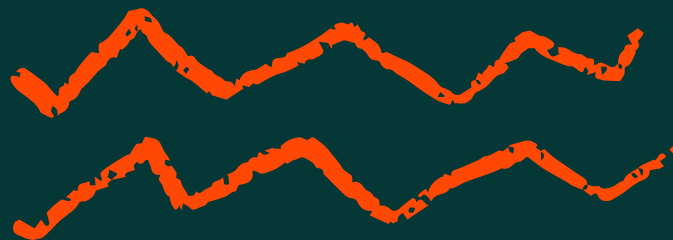

Vision & Mission

We're on a **MISSION** to give people healthy & Freshly baked cake with high end designs in least possible price delivered in the shortest span of time.

Our **VISION** is to grow our bakery business with bringing the change in how the E-commerce & Retails bakery industry functions in India.

We are committed to health and flavor. We are committed to excellent customer services. We are committed to our clients.

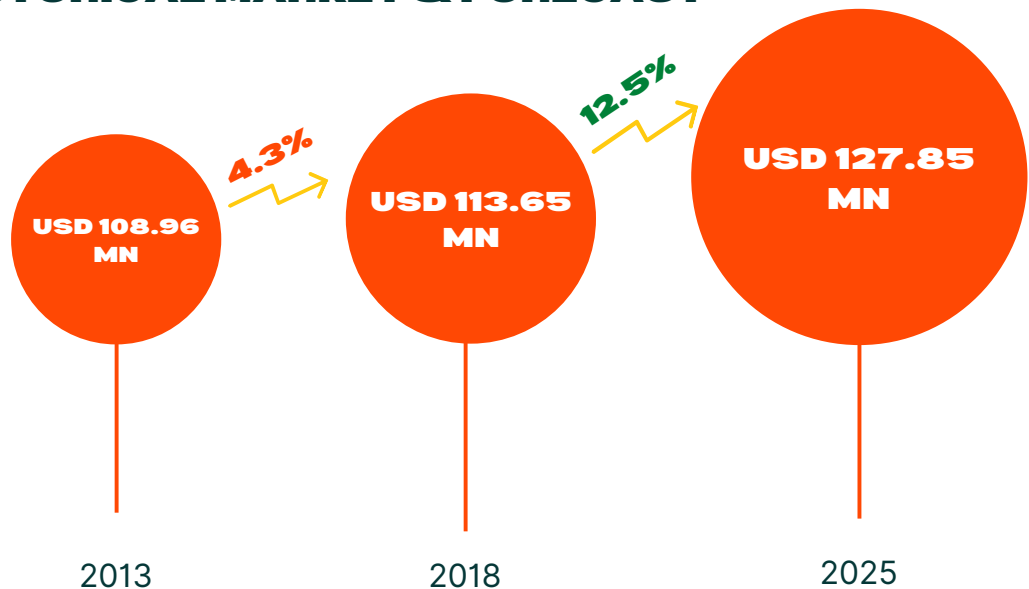

WHY BAKERY?

Despite certain difficulties, the forecast for the Indian bakery industry is positive with a projected market value likely to exceed USD 12 billion by 2024 expanding at a CARG of 9.3% during 2019 to 2024.
